Blu Pharmaceuticals sponsors CASA Tennis Tournament

Blu Pharmaceuticals joined with the local Court Appointed Special Advocates (CASA) to sponsor the 2nd Annual Benefit Tennis Tournament for CASA of South Central Kentucky. In addition to providing a match sponsorship, Blu's president, Bill Luster and Vice-President, Sharon Bigay competed in the tournament.

While he didn't bring home a trophy, Luster was pleased with the tournament's outcome. "We care about children" Luster said. "Sponsoring the CASA tournament, gives us the opportunity to help children in our own backyard." Bigay echoed his sentiments, "We're pleased to be associated with such a worthwhile organization."

Court Appointed Special Advocates (CASA) of South Central Kentucky is a non-profit agency founded to support and promote court-appointed volunteer advocacy for abused and neglected children so that they can thrive in safe, permanent homes. CASA volunteers currently serves 200 children in Warren, Barren, Metcalfe, Butler, and Edmonson Counties.
